

# Victims List

Recognized in sentence 00015/2021 of the Criminal Chamber. Section 3 of the National Court (Madrid)

After the publication of the sentence. From the UAVAT we present the nominal relationship that appears in it. With the aim of locating as many victims as possible to start the advice and assistance they will need. It is obvious that there is the possibility that some of them have made contacts with the competent administration. But given the impossibility of obtaining this information, we thought it would be appropriate to provide that list, hoping that it will be of help to the victims in order to facilitate their location and invite them, if they wish, to contact us.

By the technical team, we keep working to locate and advise so that no victim feels alone or neglected.

# Liste des victimes

Reconnu dans la sentence 00015/2021 de la Chambre criminelle. Section 3 de la Cour nationale (Madrid)

Après la publication de la sentence, nous présentons la liste nominale des victimes qui y figure. Localiser le plus de victimes possible, afin de leur offrir les conseils et l'assistance dont elles auront besoin. Comme cela peut être normal, il est possible que certains d'entre eux aient contacté l'administration compétente. Mais vu l'impossibilité d'obtenir ces informations, nous avons jugé opportun de fournir la liste des noms qui figurent dans la sentence judiciaire, espérant fournir aux victimes présentes leur identification afin qu'elles puissent, si elles le souhaitent, contacter l'UAVAT.

De la part de notre équipe, nous continuerons à travailler pour qu'aucune victime ne se sente seule ou négligée.
